### Department of Homeland Security Alert

The US is in a general enhanced threat environment. This applies to us in California, as well. The concern is about homegrown violent extremists who could strike with little or no notice as happened in Orlando.

- increased public vigilance and awareness is required.
- If you see something say something.
- To report suspicious activity, contact your local law enforcement agency.
- Please click on the below link for additional information.

<https://www.dhs.gov/national-terrorism-advisory-system>

### Phase II Activation of the Heat Contingency Plan

Phase II of the Heat Contingency Plan will be activated from Sunday, 06/19/16 – Tuesday, 06/21/16. Due to forecasts of dangerous and excessive heat.

- Per the National Weather Service (NWS):
  - High Confidence in this being a top 5 heat event in history, especially for desert areas and high desert areas.
  - High confidence that the event will impact the central valley from Fresno south and Southern California.
  - Medium confidence that coastal areas could reach historic high temperatures.
  - NWS San Diego has already spoken to San Bernardino, Riverside, Imperial, and Orange Counties. All counties are elevating their Heat Plan Levels.
  - NWS San Diego will conduct a conference call with these counties 06/16/16.
- A State Agency conference call facilitated by Cal OES will be conducted at 1100 hours Friday, 06/17/16.
- The Emergency Services Coordinator (ESC) Territory Representatives for the Cal OES Southern Region Operational Areas (OA's) are reaching out to identify any special measures the counties may be taking in response to the excessive heat event.

### Cal OES Telecommunications

A Cal OES Telecommunications Coordinator and State ACS have deployed MIGU-3 in support of the Red Bluff Community Center for Child Abduction Response Team exercise.

### Heat Impact Levels

[More Information](#)

Heat affects everyone differently. In order to better address heat risk and to provide a daily service with regard to preparing for heat events, the NWS has developed the experimental Heat Impacts Levels (HIL). The HIL is a forecast product which provides a quick view of heat risk potential over the upcoming seven days. The heat risk is portrayed in a numeric (0-4) and color (green/yellow/orange/red/magenta) scale which is similar in approach to the Air Quality Index (AQI) or the UV Index. In this way, it provides one value each day that indicates the approximate level of heat risk concern for any location along with identifying the groups who are most at risk. This product is supplementary to the official heat watch/warning/advisory program and is meant to provide continuously available heat risk guidance for those decision makers and heat sensitive populations who need to take actions at levels that may be below current heat product levels.

Category	Level	Meaning
Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat
Orange	2	Moderate Risk for those who are sensitive to heat
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

# SITUATION SUMMARY

## **California Department of Public Health Zika Virus Disease Update**

The Medical and Health Coordination Center (MHCC) continues to be activated in response to the Zika Virus Disease (Zika) in order to aggregate and update information from a variety of sources and coordinate response activities across the California Department of Public Health (CDPH).

- CDPH centers and programs are providing information related to their specific activities on a weekly basis. This information is being collected and included in a weekly Public Health and Medical Emergency Function (EF) 08 Situation Report released by the MHCC. The MHCC is managing requests for information from the public, healthcare facilities, and Local Health Departments (LHDs) to ensure responses are timely and accurate.
- Zika is transmitted to people primarily through the bite of an infected *Aedes Aegyptus* mosquito (also known as yellow fever mosquitoes) and *Aedes Albopictus* mosquito (also known as Asian tiger mosquitoes), which are not native to California. Today, more than 60 countries have documented Zika Virus transmission, with over 40 reporting their first outbreak within recent months. The most common symptoms of Zika Virus are fever, rash, joint pain, and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting for several days to a week after being bitten by an infected mosquito. People do not consistently get sick enough to go to a hospital, and rarely die from Zika Virus. For this reason, many people might not realize they have been infected. However, Zika Virus infection during pregnancy can cause a serious birth defect called microcephaly, as well as other severe fetal brain defects.
- The Centers for Disease Control and Prevention, (CDC), CDPH, Emergency Medical Services Authority (EMSA), California Governor's Office of Emergency Services (Cal OES), State level EF 08 partners, are preparing for the management of Zika cases in California. Reporting of select notifiable diseases is mandated by State law in California through *Title 17 California Code of Regulations* and Zika Virus is now a notifiable disease that must be reported.
- CDPH is working with the healthcare community and local health jurisdictions to identify potential suspect cases and avoid spread of the disease. New and updated guidelines released by CDC are posted on the CDPH website available at: <http://www.cdph.ca.gov/HealthInfo/discond/Pages/Zika.aspx>. CDPH and local health jurisdictions are monitoring the situation closely to keep the public safe.
- EMSA and the EMSA Duty Officer Program are monitoring the situation to remain in communication with the Regional Disaster Medical Health Specialists (RDMHS) and Medical Health Operational Area Coordinator (MHOAC) Programs.
- Please see attached for full report.

# **SITUATION SUMMARY**

## **Cal OES Inland Region**

### **Hornbrook Boil Water Notice, Siskiyou County**

On 06/14/16 the Cal OES Inland Region Duty Officer (IDO) advised that the community of Hornbrook, Siskiyou County is experiencing a water pump failure.

Per the Cal OES IDO on 06/16/16 at 0726:

- Hornbrook CSD is utilizing the diversion on Rancheria Creek for 100% of their water at this time. The district is allowed to divert water from the creek as long as they don't exceed 85 GPM.
- Water tanks are up four feet since Monday (6/13), with domestic consumption. At full capacity, the main tank can hold nine feet of water.
- The district is producing enough water to service the residents.
- The community remains under a boiled water order.
- The district advised they will remain under a boiled water order as long as they are utilizing the Rancheria Creek diversion.
- The district is in the process of hiring a company to repair the pump.
- Cal OES IDO is monitoring the situation and will update information as it becomes available.

## **Cal OES Coastal Region**

### **City of Oakland Activation**

On 06/16/16 at 1700 hours, the City of Oakland will be partially activated for the Warriors Game 6 in Cleveland.

- Alameda County Sheriff's Office will have representatives in the EOC. Alameda County EOC is not activating.
- Law Mutual Aid is not anticipated as OPD will have approximately 400 officers deployed.
- A Coastal Region ESC will be on stand by if needed.

## **Cal OES Southern Region**

### **Fire, Gemini Plastic Enterprises, Maywood, Los Angeles County**

On 06/14/16 at 0230 hours a magnesium fire occurred at Gemini Plastic Enterprises in Maywood, Los Angeles County.

- Los Angeles County Fire Department (LA County FD) responded to the incident, which was located in the 3500 block of Fruitland Ave.
- The Cal OES Fire Duty Officer (FDO), Cal OES Law Duty Officer (LDO), Cal OES Southern Region Duty Officer (SDO), and Los Angeles County Duty Officer will continue to monitor this event and provide updates as warranted.
- There have been no requests for state assistance.

### **Fire Information**

Per the Cal OES FDO:

- As of 06/15/16 at 1543 hours the Incident Command has called knockdown of the fire.
- There is no smoke and no injuries have been reported.
- Health hazmat and AQMD will be conducting a sample test of the homes and around the homes before allowing residents to return.

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# SITUATION SUMMARY

## Cal OES Southern Region

### Fire, Gemini Plastic Enterprises, Maywood, Los Angeles County

#### **Evacuations**

Per the Cal OES LDO:

- 12 residences that were evacuated have now been “red tagged” and deemed uninhabitable.
- LASO personnel advise that mandatory evacuations have been ordered by the LA County Fire Department for 12 residences on the North Side of 52<sup>nd</sup> Street.
- The residents of those homes have all left willingly.
- There is no time estimate on when evacuations will be lifted.

Per the Cal OES SDO:

- East Los Angeles County Sheriff’s Department personnel report that the LA County Fire Department is continuing their efforts to decontaminate properties which were affected by the Fruitland Fire Incident.
- Testing will be conducted 06/16/16 to determine if it is safe for residents to return home.

#### **Shelters**

- Per the Cal OES Southern Region Duty Officer (SDO):
  - The American Red Cross (ARC) opened a shelter at the Maywood Recreation Center; located at 4801 E. 58th St. 90270.
  - A standby shelter has been identified as Maywood High School; if clients exceed 200 at Maywood Recreation Center
  - As of 06/16/16 at 0830 hours, the California Department of Social Services (CDSS) is reporting the following shelter information from the ARC National Shelter System: Midnight Shelter Count – 86.
  - There are no identified residents with Access and Functional Needs (AFN). ARC will immediately address any issues as they arise.

#### **Environmental Impacts**

- The Air Quality Management District (AQMD) and County Public Health are on site, monitoring the air. No specific harmful gases have been released aside from typical combustion products from smoke.

#### **Utilities**

- As of 06/15/16 at 1930 hours, per Southern California Edison (SCE) the power to all affected residents was restored.

## **FIRE ACTIVITY**

### **Cal OES Fire Preparedness Levels**

<b>National</b>	<b>Northern California</b>	<b>Southern California</b>
<b>Preparedness Level 2</b>	<b>Preparedness Level 2</b>	<b>Preparedness Level 2</b>
	<b>Multi-Agency Coordination System MACS Mode: 2</b>	<b>Multi-Agency Coordination System MACS Mode: 2</b>

#### **Sherpa Incident, Santa Barbara County**

Location: Los Padres National Forest

Jurisdiction: FRA

Start Time: 06/15/16 at 1530 hours

Per Cal OES Fire Duty Officer and CAL FIRE as of 06/16/16 at 0601 hours:

1,250 Acres, 0% Contained

- Unified Command with LPF, SBC, CALFIRE and State Parks.
- Type 2 IMT (Mills) assigned .
- An incident has been created in Cal EOC for this event: 2016-06-16-Santa Barbara-Sherpa Fire

#### **Fire Information**

Per the Cal OES FDO:

- ICP is located at Refugio State Beach Park. Base camp located at Dos Pueblos High School.
- Values at risk: Los Flores Exxon Oil Facility, Structures near fire line (approximately 100), El Capitan and Refugio State Parks .
- Cal OES Fire Branch Assistant Chief has been assigned to this incident as an Agency Representative.

#### **Activations**

Per Cal OES SDO:

- The Southern Region Emergency Operations Center (REOC) will activate at Level 2 at 0800 hours today, 06/16/16.
- Santa Barbara Operational Area (OA) Emergency Operations Center (EOC) activated to Level 2 at 2237 hours on 6/15/16.
- A Cal OES Agency Rep has responded to the Santa Barbara County EOC.

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# **FIRE ACTIVITY**

## **Sherpa Incident, Santa Barbara County**

### **Evacuations**

Per the Cal OES LDO:

- A mandatory evacuation went out to approximately 200 phone numbers. They estimate that to be 50-100 actual homes. The area is composed of large ranches and is sparsely populated.
- Mandatory evacuations are in effect at Refugio Canyon, Las Flores Canyon, which includes the Las Flores Canyon refinery, and Venadito Canyon.
- El Capitan Canyon and El Capitan State Beach are under an evacuation warning.
- All campgrounds in the area are under evacuation orders, as are ranches in the hills above Highway 101.
- Equine Evac is helping owners and boarders in the area evacuate horses and large animals to Earl Warren Showgrounds.

### **Road Closures**

- Per Caltrans:
  - At approximately 2342 hours on 06/15/16 United States Route 101 was closed from 5.7 miles north of the junction of State Route 217 /at Winchester Canyon Rd to Mariposa Reina in Gaviota.
  - The route has been reopened as of 06/16/16 at 0723 hours.

### **Shelters**

- The American Red Cross (ARC) has opened 2 shelters:
  - South Shelter - Wake Center, 300 N. Turnpike Road, Santa Barbara. Midnight Shelter Count: 0
  - North Shelter - Santa Ynez Valley Union High School, 2975 E Highway 246 Santa Ynez. Midnight Shelter Count: 0
- Per the Cal OES SDO:
  - As of midnight, the Wake Center had 38 people camping outside, 1 inside shelter.
  - The ARC is feeding these persons this morning.
  - The Santa Ynez shelter had 2 people camping outside overnight, and has been placed in “standby” as a contingency.

### **California Energy Commission**

- Per the California Energy Commission: All crude had been removed from the facility (trucked out), the facility is not currently active, Plains Pipeline is idle and not transporting crude at this time.
- No anticipated impacts to the environment.

## **FIRE ACTIVITY**

### **Pony, Vegetation Fire, Siskiyou County**

Location: Klamath National Forest, Happy Camp

Jurisdiction: Federal DPA, FRA

Start Date / Time of Event: 06/07/16 at 1109 hours

Per Cal OES Fire Duty Officer and CAL FIRE as of 06/16/16 at 0601 hours:

- 2,706 Acres, 20% Contained
- Steep terrain with extremely difficult access.
- Fire behavior remains active in brush and timber.
- Previous burn area has created extreme snag hazard.
- Cal OES Fire Branch Assistant Chief has been released from the incident.

# WEATHER OF CONCERN

## Weather of Concern

- An Excessive Heat Watch is in effect from Sunday morning on 06/19/16 through Wednesday evening on 06/22/16 for portions of Southern California.

## **Active Weather Warnings, Watches and Advisories by County:**

[http://www.wrh.noaa.gov/sto/brief/wwa\\_bc\\_cal.php](http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php)

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

The unseasonably strong, cold and wet weather system will be with us for a few more days. More periods of cloudiness and showers are likely through Friday night for some areas. Isolated thunderstorms will continue to be possible, and they will likely be quite wet. One such storm near Redding Airport Wednesday delivered an inch to the gauge. A bit of snow had accumulated overnight down to around 5500 ft or so in the Cascades at least, and snow levels will likely rise some today to around 6500 ft or higher. Temperatures will vary based on cloud cover compared to yesterday. More cloudy areas will be somewhat cooler, more sunny areas somewhat warmer, but all areas will remain well below seasonal normals. Lighter winds are expected today, but another round of gusty west to southwest afternoon winds are expected to develop Friday. Relative Humidity (RH) will be high enough so those areas will be of lesser fire potential concern than recently. Once this cool weather system moves out of the area - which looks like Saturday - strong high pressure will quickly spread north across California from out of the desert southwest over the rest of weekend into early next week. there will be a very rapid rise in temperatures and drop in RH when that happens. Triple digit heat is expected to develop for the warmer inland areas early next week with potential for the warmest inland locations to reach highs around 108. RH will become low with many areas seeing overnight RH recovery only in the 30-45% range and afternoon values of 10-15% fairly widespread. Thunderstorms early next week appear unlikely at this time, but that situation will be watched closely for later next week.

## **SOUTHERN CALIFORNIA**

A Pacific trough over the West Coast will continue to bring northwest winds of 15 to 25 mph with gusts to 40 mph to the South Coast of Santa Barbara and the Grapevine early this morning and northwest winds of 20 to 30 mph with gusts to 50 mph to the desert passes through this evening. Temperatures will remain below normal today, with upper 50s and 60s in the mountains and mid 70s to mid 80s in the valleys. Minimum humidity will be mainly between 20% and 40% away from the deserts today. Strong high pressure currently over Mexico will move northward into Arizona and New Mexico Friday bringing a significant warming and drying trend to the region into early next week. Temperatures will be well over 100 degrees across the valleys and foothills by Sunday and the heat will be accompanied by widespread minimum humidity in the single digits and teens. Many locations will receive record heat Monday and Tuesday. Southeast flow aloft will bring a little increase in humidity along with a little cooler temperatures to the region next Wednesday and Thursday. Isolated afternoon thunderstorms may occur over the mountains and deserts of Southern California and the Sierra next Wednesday and Thursday.

# Key Points

June 16 – June 22

## Thursday

- High Surf, strong rip and longshore currents for portions of southern CA
- Possible travel delays and hazards to unprepared hikers in portions of the northern Sierra, including Lassen National Park due to winter like conditions above about 6000 ft above sea level.

## Friday-Saturday

- No significant hazards expected

## Sunday-Tuesday

- Excessive Heat across most of southern CA
- Elevated fire weather concerns due to the heat, low humidity, and gusty winds including Sundowner Winds across southern Santa Barbara County.

## Wednesday

- No significant water or weather impacts expected.

# CAL OES LAW ENFORCEMENT MISSIONS

## New Cal OES LAW Missions

- **2016 LAW 24297, 1840 Hours, 6/15/2016:** Mendocino County Sheriff requested 30 type 2 ground searchers, two area K9 teams, one trailing K9 team and a FLIR equipped helicopter to assist in looking for an 82 y/o male dementia patient who has been missing since 1830 Hours, 6/14/2016. LDO coordinating with Lake, Marin and Sonoma Counties for the ground searchers and the Cal OES SAR K9 coordinator for the K9 resources. LDO also coordinating with CHP and CANG for air support. **MISSION ON-GOING UPDATE AS OF 2040 Hours:** Marin responding with 15, Lake with 2 and Sonoma with 14. LDO coordinating with Napa for remaining searchers. No update as of this writing. CANG will provide one UH 60 for day operations tomorrow on station at 0900 and will have one FLIR equipped LH 60 available for tomorrow evening. **Mission Ongoing.**

## Ongoing Cal OES LAW Missions

- **2016-LAW-24270, 6/10/2016, 1409 hours: 2016-LAW-24270, 6/10/2016, 1409 hours –** Placer County Sheriffs' Office (PCSO) has requested a vessel with Side Scan Sonar capability to locate a drowning victim in Lake Tahoe with a search commitment of 2-3 days. A UNR college student went missing Friday afternoon while paddle boarding with a group of friends on the lake, with a water temperature of 48 degrees. Defined search area is offshore from Obexers Marina (Homewood), Lake Tahoe in depths between 115-200 feet. LDO is coordinating to secure this specialized equipment for PCSO with specific search dates to be determined. UPDATE as of 1840 Hours 6/13/2016: LDO has secured Ralston & Associates for this mission, they will be arriving at on 6/15/16, Wednesday afternoon. Placer County SO will assist with having their vessel inspected and securing it at the Obexers Marina, Homewood CA. The Ralston's will be providing side scan sonar capability utilizing a 900 foot tethered tow fish unit and an ROV capable of recovering victims down to depths of 500 feet. LDO is coordinating with several other LE agencies to provide backup support for this search. LDO is coordinating with several other LE agencies to provide backup support for this search. It has been determined the drowning victim may be as deep as 700 feet. **Mission Ongoing Update: 6/15/16 – Kern County Sheriffs' Office is providing a vessel with a towed side scan sonar for the search area. Butte County Sheriffs' Office has committed to providing a vessel & ROV which will be on standby status. Mission Ongoing.**
- **2016-LAW-24130, 6/10/2016, 0807 hours:** Sgt. Storme, Butte County Sheriff Office (BCSO) is requesting additional resources to an existing mission to locate a missing drowning victim in Lake Oroville. BCSO has requested three water certified Human Remains Detection (H2O HRD K9) with tech support for tomorrow, 6/11/16, at 0800 hours at Lime Saddle Marina on Lake Oroville. Cal OES K9 Coordinator, Dr. Ben Ho, was able to secure 1 water certified HRD K9 to support the mission. Update 6/12/16 – HRD K9 team has been released from the lake. Update: 6/14/16 – LDO was able to secure Ralston & Associates for this mission once they have completed the Lake Tahoe search. Butte County SO will assist with having their vessel inspected and secured. The Ralston's will be providing side scan sonar capability utilizing a 900 foot tethered tow fish unit and an ROV capable of recovering victims down to depths of 500 feet. Search date is TBD. **Mission Ongoing.**

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2016-Cal OES-21764** (EF-8): Waterman Incident. Environmental Health Specialist to serve as a Food Inspector. This mission is expected to be open until June. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2016-IREOC-21748**: Tasking Cal Trans to extend state highway right of way to facilitate hazard tree removal. This is a long term mission and is expected to remain in place through the summer months.
- **2016-Cal OES-20822** (EF-8): Waterman Incident. Four Crisis Clinical Psychologists/Counselors to provide in-home and workplace trauma counseling, coping, and referrals with expertise in mass shootings/terrorism. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2016-Cal OES-20816** (EF-8): Waterman Incident. One Mental Health Services Coordinator to assess short and long term needs, plan and implement intervention counseling strategies focusing on Post Traumatic Stress Disorder with staff, families, and others impacted. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2016-Cal OES-20652** (EF-10): Waterman Incident. Registered Environmental Health Specialist for Solid waste position from CDPH. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2015-Cal OES-20498** (EF-8): Waterman Incident. Vector control specialist, and an Environmental Scientist for medical waste management. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2015-Cal OES-20441**: Waterman Incident. Chief of Environmental Health Services replacement position at the San Bernardino County Department of Public Health in San Bernardino. Mission Duration: Through 06/30/16. **Mission Ongoing.**
- **2015-IREOC-19846**: One RAWs weather station to Amador OA – On scene 11/30/15, expected to be left in place until late spring. **Mission Ongoing.**

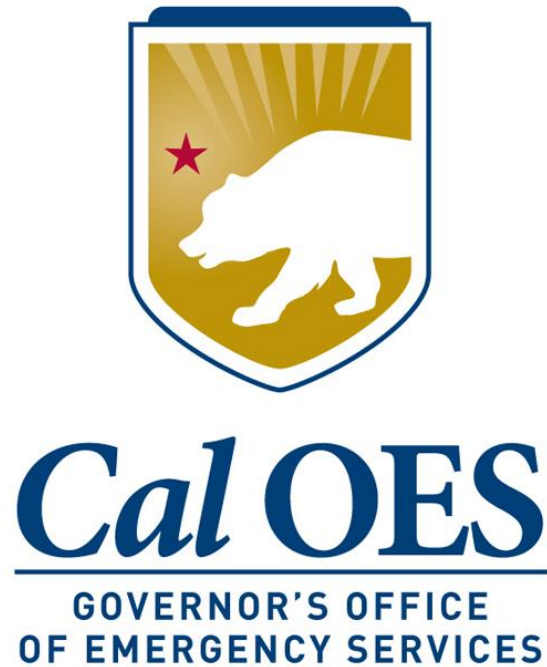

# **Cal OES 2016 DROUGHT**

**The SOC remains activated in support of the Drought State of Emergency and continues to monitor the situation.**

## **Current Local Emergency Proclamations:**

A total of **57** local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- **25 Counties:** Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- **10 Cities:** City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of Rancho Cucamonga (San Bernardino County), City of West Sacramento (Yolo County), and City of Fort Bragg (Mendocino County).
- **10 Tribes:** Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County), Sherwood Valley Pomo Indian Tribe (Mendocino County), Tolowa Dee-ni' Nation (Del Norte), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- **12 Special Districts:** Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
